

The new Suzuki Skylark

Fast, nimble, and with
outstanding fuel economy!

The **Skylark** is the ideal town car both for work and for pleasure. It has an unbeatable price, outstanding fuel economy (up to 50 m.p.g.), plus an amazingly spacious and comfortable interior.

Front wheel drive coupled with a small turning radius makes the **Skylark** nimble in traffic and narrow roads — easy to park too! The large Hatchback is convenient for carrying bulky loads.

Never before have so many 'big car' features been put into a compact town vehicle. Ask your CMC dealer to let you test drive the new **Skylark**!
